Business Outlook⁶

“We continue to pursue other potential development projects that may require us to invest significant amounts of capital as well as capital spend required for identified growth projects. We expect to spend \$100 million in 2024 on such growth projects, which includes the completion of the new land-based facility at Treasure Chest, which opened in June 2024, the expansion of meeting and convention space at Ameristar St. Charles and the start of construction of a new casino, Cadence Crossing. This new 10,000 square foot casino featuring 450 slots and several restaurants will replace our Jokers Wild casino and will be built on the site that currently holds our Jokers Wild casino”.

“We regularly investigate and pursue additional expansion opportunities in markets where casino gaming, including online gaming, is currently permitted. We also pursue expansion opportunities in jurisdictions where casino and online gaming is not currently permitted in order to be prepared to develop projects upon approval of casino or online gaming. Such expansions will be affected and determined by several key factors, which may include the following:

⁵ [Boyd Consolidated Q3FY24 Report, p.3-5](#)

⁶ In this chapter, quotes are used from the [Boyd Consolidated Q3FY24 Report, p.33](#)

- the outcome or anticipated outcome of gaming license selection processes;
- the approval of gaming in jurisdictions where we have been active but where casino or online gaming is not currently permitted;
- identification of additional suitable investment opportunities in current gaming jurisdictions; and
- availability of acceptable financing.

Additional projects may require us to make substantial investments or may cause us to incur substantial costs related to the investigation and pursuit of such opportunities, which we may fund through cash on hand, cash flow from operations or availability under our Credit Facility. To the extent such sources of funds are not sufficient, we may also seek to raise additional funds through public or private equity or debt financings or from other sources to the extent such financing is available”.

“After receiving approval from the City Council of Norfolk, Virginia in October 2024, we are executing on an opportunity for a new casino resort development in Norfolk, Virginia. We expect to open a small temporary facility in late 2025 and a permanent facility in late 2027. We currently expect the permanent facility will feature a 200-room hotel, eight food and beverage outlets and a casino with 1,500 slots and 50 table games. While we are still finalizing construction and development costs, we currently expect overall project costs of approximately \$750 million”.
